

# GIVE UP FOR LOST, EIGHT WHO WERE CAUGHT IN ICE, REACH SHORE

Attempted To Cross Mississippi When Boat Was Caught in Ice Floe.

Wickliffe, Ky., Jan. 23.—After a thrilling experience, the nine persons for whose safety fears were expressed last night when they were caught in ice that choked the Mississippi river, landed here early today and were returned to Birle Point, Mo.

The party had reached Birle Point, Mo., yesterday noon by train and engaged private boatmen to ferry them across the river to Cairo. They were caught on ice floes and it was feared they had lost their lives.

The party reached a riverpoint two miles below here soon after midnight. They had been in a terrific struggle with great ice floes that continuously threatened to smash their boat. By keeping his craft between the running currents in the broad stream, Frank Jones, the pilot, managed to escape the floes and when there came a gap in the steady stream of ice cakes, he shoved his boat across to the Kentucky shore in safety.

Early today the party returned to Birle Point, Mo., where they had been brought from a Cotton Belt train yesterday noon.

Many Brave Ice Dancers.

Nearly 100 passengers had reached Birle Point yesterday when they sought to cross to Cairo to transfer

to another train they found the regular ferry service suspended because of great ice floes that jammed the river. A large number of the passengers engaged private boatmen to undertake the passage.

Frank Jones, an experienced riverman, took a party of 12 in his "ferry." Midway in the river, he was caught by an ice floe that swung his boat perilously about. Immediately panic seized the party, but before attempts to rescue them could be made, they had been swept out of sight by the ice floe and soon the big ice pack was hidden by a heavy fog.

Before rescue which was expected, the river all night reached here, however, the party landed below here. It is believed most of the party came from Libourne, Mo.

Reached Wickliffe.

The party of nine men who were caught in the ice jam at the junction of the Ohio and Mississippi rivers and who were in great danger for many hours, arrived here from Birle Point by the railroad ferry boat.

The men suffered severely from cold and wet clothing.

Will Be Kept at Birle Point.

St. Louis, Mo., Jan. 23.—Passengers who arrived at Birle Point, Mo., yesterday by the Cotton Belt will be kept here until the Mississippi river clears of ice, the general manager of the road said today. The road operates a ferry for the passengers, but unless the passengers now at Birle Point hit boatmen to transfer them, they cannot be able to cross the Mississippi until the river clears.

## LITTLE PROSPECT FOR AN AGREEMENT

Talk of General Strike Is Made Around Miners' Headquarters.

Indianapolis, Ind., Jan. 29.—With little prospect of reaching an agreement on a wage scale to become effective April 1, the bituminous coal operators and miners resumed their joint conference here today.

The miners are demanding increases of 10 cents a ton and 25 percent for day labor, while the operators have declared for a reduction of the present wages by the same figures.

Talk of a general strike was rife about the bituminous miners' headquarters, but met opposition from the anthracite miners, who believe better results will be obtained if they and the bituminous try to make agreements with their operators independently.

MINNESOTA COMPANIES DENY GOVERNMENT CHARGE

Trenton, N. J., Jan. 29.—Kellogg and Emery, counsel for the Minnesota group of land and iron mining companies named as party defendants in the suit of the government for the dissolution of the United States Steel corporation, filed their answers today to the government's allegations.

The answers are a general denial so far as the defendants are concerned, of the government's allegations of a plan by the steel corporation and the other defendants to conspire to restrict competition.

FLORAL TRIBUTES SENT TO MCKINLEY MAUSOLEUM

Canton, Ohio, Jan. 29.—Among the floral tributes sent to the McKinley mausoleum today were those from the birth of former president McKinley, were wreaths by George B. Cortelyou, former cabinet member and private secretary of McKinley when he died, and United States supreme court justice William B. Day.

Relatives of McKinley and patriotic organizations added to the floral display.

## A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered liver.

THIS IS A FACT which may be demonstrated by trying a course of

**Tutt's Pills**

They control and regulate the liver. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

## CIGARET STARTS A FIRE IN THEATER

Carelessly Thrown Behind Radiator On Some Oil-Covered Rags.

Firemen in the El Paso theater found yesterday night smelled smoke and found an oil rag behind a radiator where some one had dropped a lighted cigarette. They extinguished it without causing any alarm and many people in the house did not know that anything had happened.

There were three fires Sunday. The first occurred at 12:20 a. m. and destroyed a wagon in the yard of the Dawson Coal and Coke Co., near the El Paso & Southwestern freight station.

The second, at 5 a. m., was a shed at 209 East Missouri street, in the rear of Dr. John W. Culbert's residence, owned by A. Howard. This loss was covered by insurance.

The third occurred shortly before 6 o'clock in the morning in Kelly & Pollard's drug store in the Sheldon hotel. The blaze broke out near the prescription case in the rear of the store, but did little damage.

Fire in a box car called out the chief and the fire department about 1 o'clock Monday. The box car was standing on a siding in front of Knabauer, York & Morley's warehouse. A large amount of loose straw in the car in some way became ignited.

## CHILD STRUCK BY CAR ON BOULEVARD

Little Cecil Pollock, the 5-year-old son of Mr. and Mrs. C. D. Pollock, of 1230 Wyoming street, was knocked unconscious by an eastbound Highland Park street car passing.

The boy, with a number of small companions, was returning from Sunday school. He attempted to cross the car track on Boulevard behind a westbound car, which had stopped to discharge passengers. An approaching eastbound Highland Park car was contacted from the boy by the westbound car.

The child was knocked to the pavement, the blow on his head rendering him unconscious. His head was severely bruised, one hand very badly hurt, and his hip was injured.

## DALLAS MAN HERE FOR TRIAL ON SWINDLING CHARGE

The case of C. W. Herkimer, of Fort Worth, charged with swindling E. J. Powers by the sale of stock in the Lone Star Life Insurance company, is set for trial this afternoon in the 24th district court.

Herkimer, who is a wealthy man of Fort Worth, was indicted by the El Paso grand jury on Jan. 12, 1911, and furnished bond in the sum of \$750.

There are several prominent Dallas men in El Paso as witnesses in this case. They are Dr. S. W. Johnson, president of the Lone Star Insurance company; Henry Hamilton, a merchant; E. M. Reardon and E. J. Gammon, bankers; M. N. Baker, C. A. Kesting, R. F. Allen, jr., capitalists.

## BOY SURRENDERED TO SHERIFF

Guy Desmond was surrendered to the sheriff Monday morning by his bondsman, G. W. Bell. Desmond, who is but 12 years of age, was charged with burglary and had been granted a parole on condition that he attend a school at Stanton, Tex. His bondsman, responsible for his good behavior, found that the boy was in El Paso and was not attending school and thereupon handed him over to the sheriff.

# DARROW EXPECTS NIGHTMARE IN CONNECTION WITH BRIBERY

(Continued from page one.)

Darrow today, "and I might as well be prepared for it."

I engaged Karl Rogers, of this city, to represent me, and I engaged Cyrus P. McNutt, now of Los Angeles, and formerly of the superior bench of Indiana, probably will assist him. Judge McNutt was associated with me in the McNamara defense.

"I'll say in regard to the indictment," he repeatedly said, "I know nothing about any attempts to bribe or influence a juror. I repeat that steadily, I confidently hope and expect to be acquitted."

## Arranges for Bail.

Darrow told of having arranged for bail and of his decision to remain in Los Angeles until the case was finished.

Of all those whose names have been connected in any way with the allegations that the McNamara defense systematically sought to corrupt jurors and witnesses, only Darrow was omitted from the list of witnesses called by the county grand jury.

Franklin was summoned. It was reported that he had been in various conferences he had with Ford, the prosecutor, he had been offered immunity if he would tell who were the "higher ups" in the alleged campaign of bribery. Although summoned before the grand jury on two occasions, he was never actually examined and

two weeks ago he pleaded not guilty to the two bribery charges filed against him. His trial has been set for February 27.

## Alleged "Jury Fixing" Fund.

According to the allegations of the state, based on information said to have been given by Franklin to the men he is alleged to have bribed, or tried to bribe, the McNamara defense set aside a fund of \$25,000 to be used in fixing jurors.

District attorney Fredericks has in his safe \$4500 that was taken from Lockwood and Franklin at the time of their arrest. Lockwood was in the confidence of the prosecutors at the time, and the evidence was immediately after Franklin was placed in jail.

Bain and Lockwood were the principal witnesses called by the grand jury. The accounts of Darrow and other attorneys associated with him were closely scrutinized.

Many Check Books Shown.

Indianapolis, Ind., Jan. 29.—Many check books, showing to whom J. J. McNamara paid money to carry on his defense from October 1910 to his arrest last April, it was learned today, have been destroyed, or at least put beyond reach.

Franklin is investigating the dynamite conspiracy.

District attorney Charles W. Miller insisted that there was in existence after McNamara's arrest.

## SIX GOVERNORS BOOST ROOSEVELT

volt movement accurately, and he was very optimistic.

"Particularly in the north," he said, "Roosevelt sentiment is strong. A large number of the delegates, leaders who have in the past dominated the actions of delegates chosen from their respective states, are strongly in favor of the nomination of Roosevelt. Pennsylvania, New York and Ohio also show a strong Roosevelt sentiment.

Col. Roosevelt does not want the nomination. He has everything to lose and nothing to gain by accepting it. However, I feel that conditions will impose the nomination upon him.

## PROGRESSIVES PLAN TO MERGE STRENGTH

Report Says LaFollette May Be Withdrawn from the Race.

Washington, D. C., Jan. 29.—The first of a series of important conferences looking to a combination of "Progressive" Republicans opposed to president Taft is expected to be held here today. It is said that an effort will be made to reach an agreement between the supporters of LaFollette, Gifford Pinchot and various "Progressive" Republicans. One report had it that senator LaFollette might withdraw his name in confirmation of this was obtainable.

Another and more circumstantial report was that an agreement had been reached looking to the election of both Roosevelt and LaFollette delegates to the various states on a half and half basis. In his way the "Progressives" would be free to throw their strength in either direction, according to the exigencies existing at convention time. Senator LaFollette's supporters denied that he would withdraw from the race.

## DECLARE HARMON OUT OF HARMONY

Columbus, O., Jan. 29.—The "Progressive" Democratic league of Ohio today issued a statement in which it declared governor Harmon out of harmony with the Progressive movement and calls on the Democrats to nominate a "Progressive" for the presidency.

"If any man is to be nominated for president on the tariff question," says the statement, "that man should be Champ Clark, or some other Democrat who was in congress at the time of the successful fight on the Payne-Aldrich tariff bill was made."

## CHARGED WITH CRUELTY. HAMES PRETTY DAUGHTERS

Denver, Colo., Jan. 29.—John Stackhouse, under arrest accused of feeding the his wife and two daughters to the family dog and of committing other acts of cruelty toward his family, declares that arguments that he may be convicted at convention have no weight against the extreme beauty of his two daughters, and he is resigned to his fate, which he believes will be nothing less than a penitentiary sentence.

"My daughters are so beautiful that people believe they are being mistreated when they complain," he said today, "and for that reason I will stand no chance with the court."

## Notice to Taxpayers.

On and after February 1, 1912, all taxes due and unpaid on 1911 tax rolls shall become delinquent and a penalty of 10 percent will be added. The county tax collector's office will be open from 7 to 9 every evening.

Signed, Geo. Harper, County Tax Collector.

James Bracken is very sick with pneumonia.

Matt Gilmore has returned from Tularosa and El Paso where he had been with a shipment of hogs.

Mrs. Matt Gilmore has returned from Alto, where she had been visiting her father, J. L. Linnam.

Lon Hunter, of Glenwood, is here with a wagon load of apples, enroute to Alamogordo, N. M.

Mr. Hunter is accompanied by his wife, who goes to Alamogordo to visit Mr. Hunter's parents.

Mr. and Mrs. James Hunter, while here, were the guests of Mr. and Mrs. Fount Miller.

Mrs. J. S. Williamson, of Capitlan, is here visiting Mrs. Charles Wiegand.

## WOMEN AVOID OPERATIONS

Going through the hospitals in our large cities, one is surprised to find such a large portion of the inmates women, and still further surprised to find that so many of the women are there to undergo operations for female ills.

Before submitting to a surgical operation, many women are much distressed by impaired usefulness, every woman should try Lydia E. Pinkham's Vegetable Compound, as many grateful letters have been received by the Lydia E. Pinkham Medicine Co., of Lynn, Mass., from women who have been restored to health after having been told that a surgical operation was their only chance of recovery.

## MILITARY QUINTET LYNCHED BY MOB

Heads of Ecuadorian Revolution Hung High By Guayaquil Patriots.

Guayaquil, Ecuador, Jan. 29.—A mob broke into the Quito penitentiary in spite of a double guard and lynched Gen. Eloy Alfaro, Flavio Alfaro, Medardo Alfaro, Ulpiano Parete and Manuel Serrano, prominent revolutionaries.

With the putting to death of Gen. Alfaro, former president of Ecuador, the revolutionaries, Gen. Medardo Alfaro, who is believed to have been the leader of the two Alfaros, and Gen. Parete and Manuel Serrano, the leading lights in Ecuador's latest revolution have been snuffed out.

The revolution, although it had been a long time brewing, began a few days after the sudden death on Dec. 22 last of president Emilio Estrada.

The first of the drastic measures taken by those who opposed the revolution was carried into effect last Thursday at Guayaquil when Gen. Pedro Monro, who was proclaimed president by the troops after the death of Estrada, was shot and beheaded by a mob that later burned his body.

## DR. PEARSON TO SAIL FOR SPAIN ON FEB. 3

Goes To Push Irrigation Project in Vicinity of Barcelona.

Dr. F. Stark Pearson will sail from New York on Feb. 3 for Barcelona, Spain where he has in course of construction one of the largest irrigation projects he has ever attempted in this country or Europe.

This project, which is now in course of construction under the direction of Thomas A. Stiles, who left El Paso in September to put the project on foot, will necessitate the abolition of several orchards and olive groves.

It has been estimated that this project will cost \$25,000,000 and will require two years or more in construction.

T. A. Stiles, engineer in charge of the Pearson work in Barcelona, was formerly chief engineer of construction of the Mexico North Western railroad, and engineer of several mining companies in Chihuahua.

## WOLTER PAYS THE DEATH PENALTY

(Continued from Page 1.)

made by the New York wheels of justice, requiring only 23 days.

Wolter was held after his sentence in the number and length of days before his execution. He enjoyed more reprieves in the payment of the death penalty than any other condemned prisoner who ever occupied a cell in the death house at Sing Sing.

One year, nine months and always having elapsed between the time of his conviction and the final date set for his execution.

In the meantime Katie Muller, who is the mother of Wolter's little son, has carried a young merchant, a wife and announced his intention of bringing up the baby in total ignorance of the identity and terrible fate of his real father, whose place he intends to take.

## SAYS FT. STOCKTON HAS NO MENINGITIS

There is no meningitis at Fort Stockton and never has been a single case of the dread disease, according to Howell Johnson, an attorney of western Texas, who is here from his home at Fort Stockton to visit Judge Beauregard Bryan and other friends.

"I left home the day the report was sent out that there was meningitis in our town," attorney Johnson said, "but there not only were no cases there then, but have not been since that time, for my family is there and would have wired me the minute anything of the kind appeared."

## DUST CLOUDS HURT CANTALOUPE MEET

The big wind raised such a dust in the lower valley that it kept down the attendance at the cantaloupe meeting at Clint, Saturday afternoon. There were about 20 ranchers present and 120 acres of land in the vicinity of Clint were signed up for the cantaloupe crop.

Another meeting is to be held.

L. M. Lyon, who is trying to organize the valley for the cantaloupe industry, attended the meeting.

## FOUNTAIN FOR A SCHOOL IN HONOR OF EX-PRINCIPAL

A drinking fountain will be installed in the Moss school in about three weeks. This has been donated to the school by the Parent-Teachers' association of that school.

It is to cost \$125 and will be of white marble and have two sanitary bubbling fountains, one on each side.

On the front will be a plate bearing the inscription: "Donated to the Moss school by the Parent-Teachers' association as a testimonial to Mrs. B. R. Bailey, principal of the school from 1888 to 1911."

REHEARSALS WILL BE HELD NIGHTLY

The Stated Jubilee minstrel show is now well under way and nightly rehearsals will be held during the remainder of the week. The big male chorus will meet at 7:15 Monday evening at the El Paso people, should be evidence beyond dispute for every El Paso reader, of the merit of Doan's Kidney Pills. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Thomas Townsend, 418 North Oregon street, El Paso, Tex., says: "I can recommend Doan's Kidney Pills as highly today as when I gave a statement of publication in their praise over two years ago. For some time my kidneys were weak and I was obliged to arise often during the night, owing to an inability to control the kidney secretions. The use of one box of Doan's Kidney Pills, procured at Kelly & Pollard's drug store, strengthened my kidneys and made a marked improvement. I have not had much trouble from my kidneys since then and consequently I am always willing to make the merit of Doan's Kidney Pills known."
